CHECKED AGAINST YOUR SLIDES.

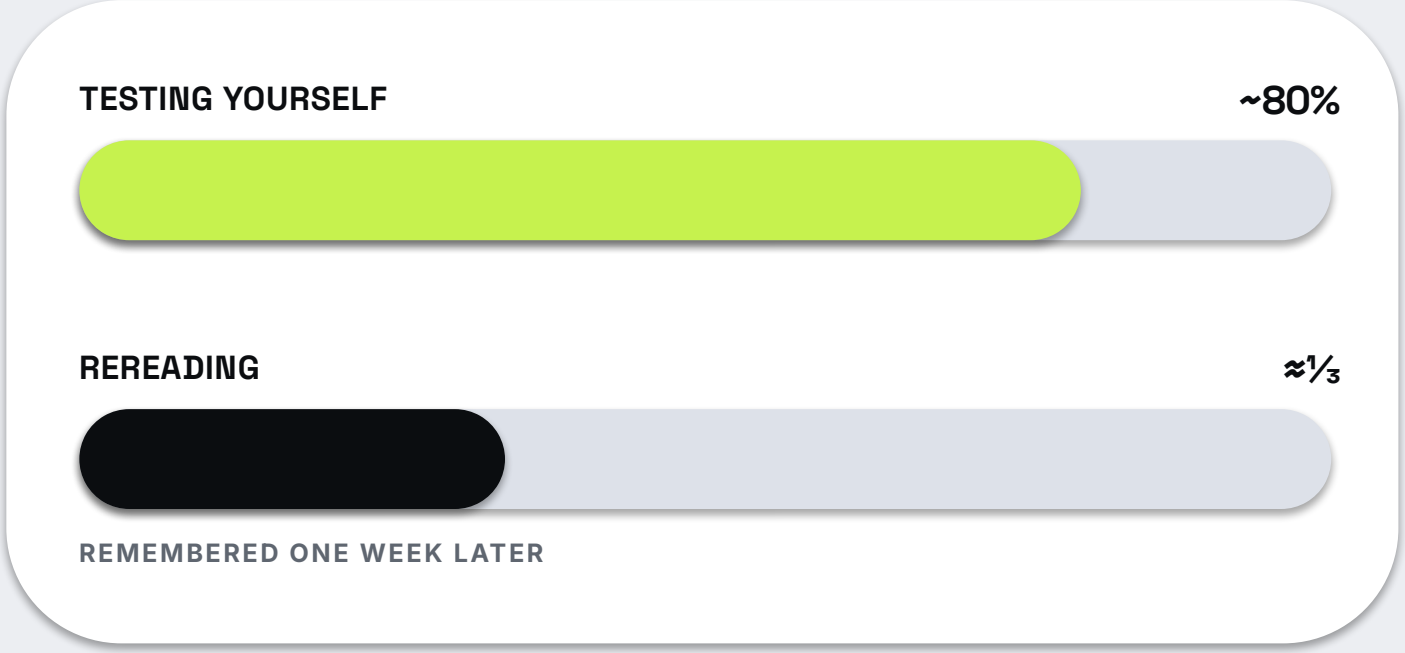

BILIMIND FOR WORKBUDDY

team Opus Magnum (#58)

Taylor's University

THE PROBLEM

84% OF STUDENTS STUDY BY REREADING.

Testing yourself: ~80% remembered a week later. Rereading: about a third.

Doing it right takes hours: questions, flashcards, a schedule, mapping last year's paper.

Karpicke, Butler & Roediger 2009; Karpicke & Roediger 2008, Science.

ONE SENTENCE IN WORKBUDDY

TELL WORKBUDDY WHEN YOUR EXAM IS.

THE PROMPT

"My Data Structures final is Wednesday 9am. The slides and last year's paper are in this folder. I have 45 minutes a day. Get me ready."

COPY FOR WORKBUDDY

RUN LOG

- Read the past paper, weigh the topics
- Fit 3 lessons into 3 days x 45 min; cut AVL (0 marks)
- Write the lessons in parallel
- Run every code exercise, fix failures
- Reject answers the slides don't support

WRITERS CODER CHECKER

A COURSE TEAM, INSIDE WORKBUDDY.

LEAD

Reads the past paper · Weights topics · Fits the plan to your days · Cuts what the exam never asks

WRITERS

One per lesson, written in parallel

CODER

Runs every code exercise and fixes the ones it finds broken

CHECKER

Rejects answers your slides don't support, then rewrites them

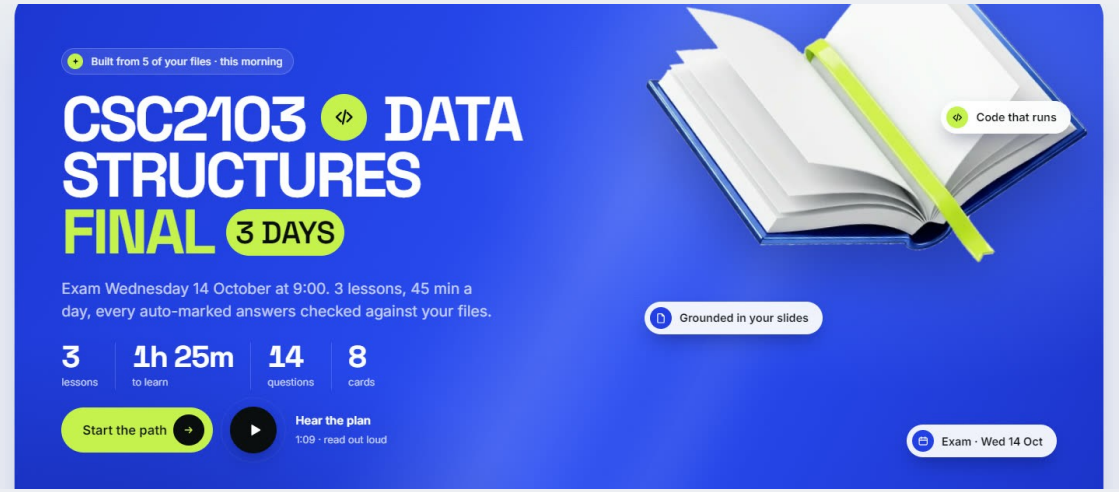

LEAD PACKAGES

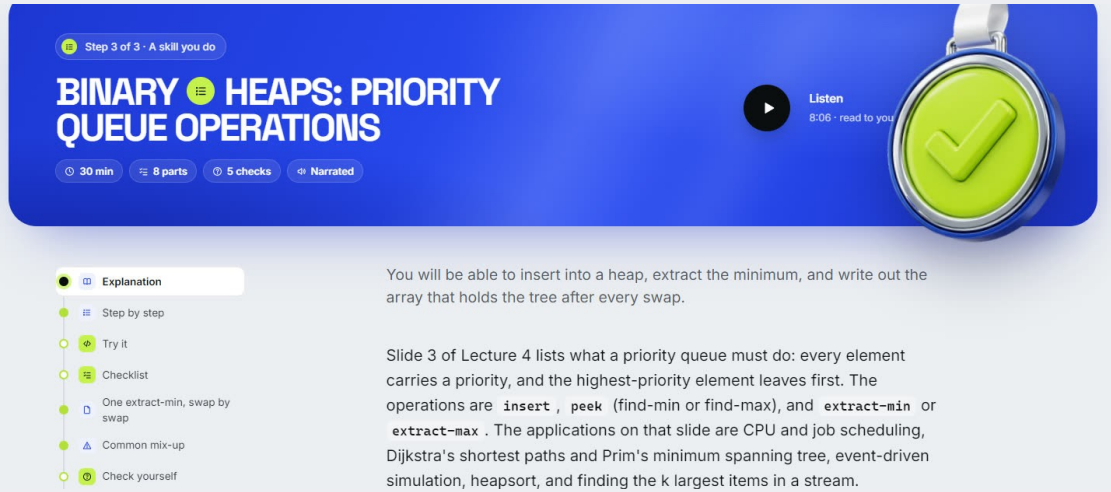

Folder, deck, Anki, calendar

AGENTS DECIDE WHAT AND WHEN. CODE DECIDES HOW. THEN THEY CHECK.

WHAT YOU GET

NOT A CHAT. A FOLDER YOU OWN.

- INTERACTIVE COURSE
- MARKDOWN NOTES
- ANKI DECK
- ICS CALENDAR
- CHECK REPORT

A procedure gets a walkthrough.

A formula gets a slider.

A language gets a native voice.

PROOF · REAL RUNS, DATA STRUCTURES

IT ARGUED WITH ITSELF.

80 / 80

AUTOMATIC CHECKS PASSED

14 / 14

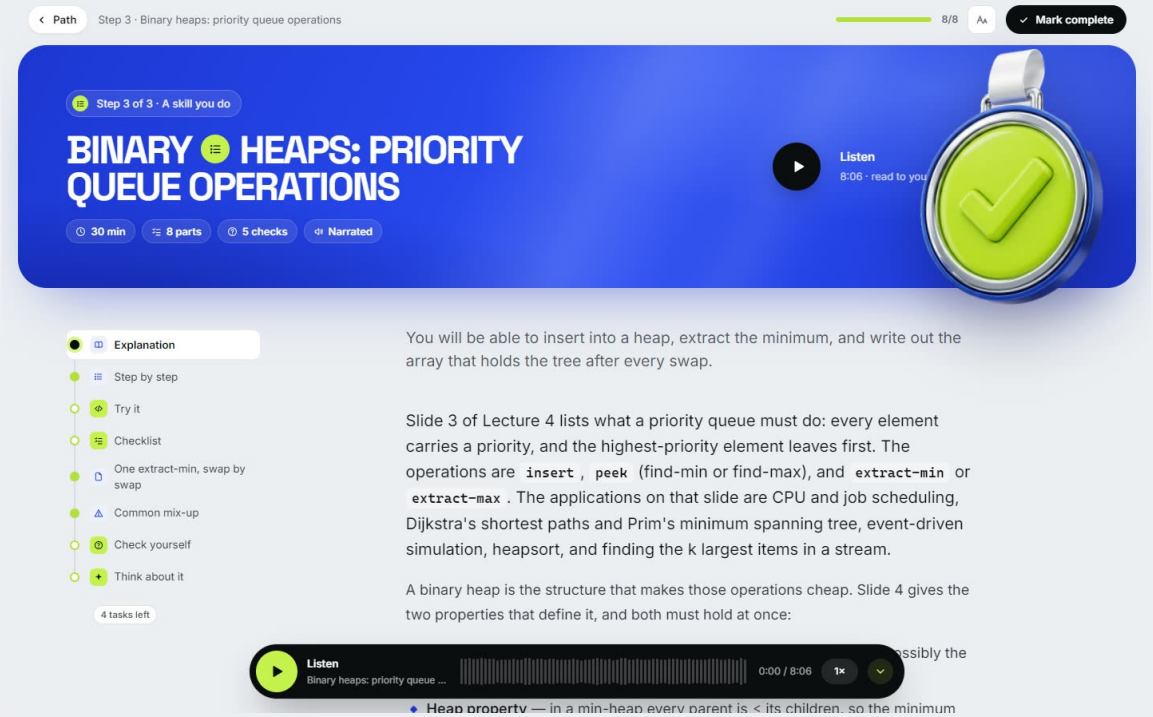

CODE TESTS PASS AFTER THE CODER FIXED THEM

3

ANSWERS REJECTED BY THE CHECKER, THEN REWRITTEN

4–9¢

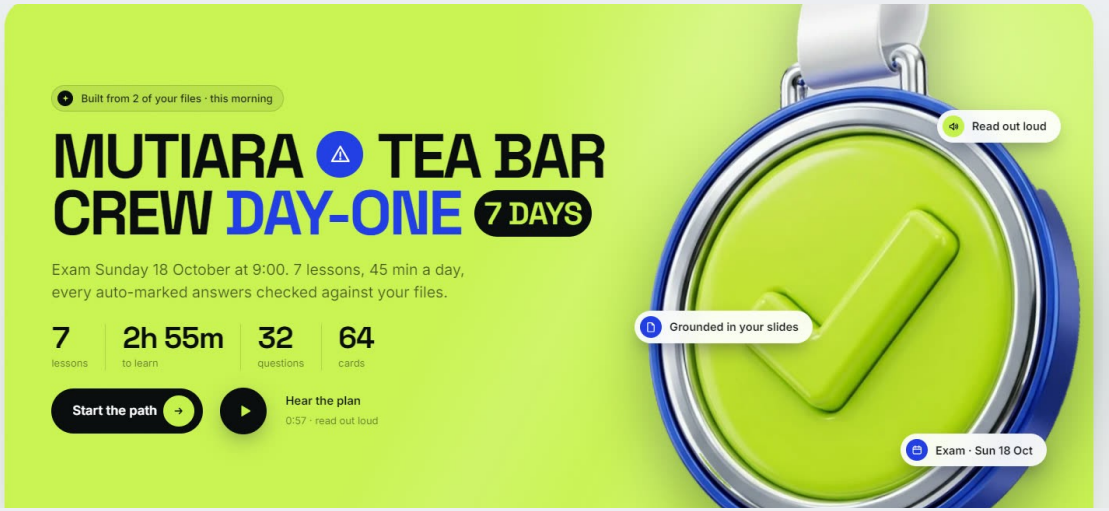

A WHOLE COURSE IN AI TEXT. NARRATION FREE.

HOW WE USED WORKBUDDY

BUILT TO RUN ON WORKBUDDY.

- Runs as a WorkBuddy skill and Expert Team (Lead, Writers, Coder, Checker)
- Sub-agents in parallel, task checklist, Preview panel, credits
- This deck was made in WorkBuddy (Slides Creation)
- Built at Dormathon: the skill, crew, checker loop, planner, offline player. Pedagogy ported from our app BiliMind.
